### IMAGINE RAINBOW

«learning by doing» As a result of the social circumstances in Nepal, many children lose their cultural roots and with that an important part of their identity.

The Culture Bridge will give a voice to interested children by music and art.

«If a child finds joy in its own voice or music, its family does too; society as a whole is enriched and culture is kept alive.» Thomas Bertschi

**Sincere thanks** to all the Swiss musicians, friends and associates, who have voluntarily supported Rudra Tour Switzerland 2011.
